Deputy Sheriff Enrique Sena left this afternoon for Albuquerque where he will take charge of E. Kriesel, who is charged with beating a board bill at a local restaurant. Kriesel was arrested by Bernalillo county officials. He will be brought here for trial.

Ballots and ballot boxes for use in the election Saturday were sent out today by Lorenzo Delgado, clerk of the probate court. The supplies were sent to every precinct of the county and will arrive and be ready for use in the most remote precincts at least two days before the election. The election boards from many of the precincts sent one or more of their number to Las Vegas to secure the ballots and boxes. As a result Mr. Delgado's office was filled with visitors all day and many teams were tied in front of the court house. The registration books have all been returned and the poll books were dispatched to their destinations last week. Arrangements are being made to receive the returns with as little delay as possible.

What are Casseroles?

Casseroles are earthen saucepans, always glazed on the inside. You can tell a casserole the minute you see it by its stubby height, its short handle and its lip for pouring. Besides casseroles, the Fulper earthen cooking-ware comprises bean-pots, vegetable-jars for steam tables, and marmites, or soup-tureens, and chicken and quail dishes.

9-YEAR-OLD BOY DIES

Robert Gaddis, the 9-year-old son of Mr. and Mrs. Samuel Gaddis, died last night at the camp on the site of the storage reservoir on the Las Vegas grant, where his parents reside. Paralysis of the lungs was the cause of death. The boy had been seriously ill several weeks ago, but had apparently recovered. His death was sudden and proved a painful shock to his parents. The funeral will be held tomorrow afternoon at 2:30 o'clock from the home of O. B. Underwood, 915 Fourth street, Rev. E. C. Anderson will have charge of the services. Interment will be made here temporarily. Later the body will be taken east for burial. Mr. Gaddis is in the employ of O. B. Underwood. Late last fall his brother was accidentally killed while hunting. The two sudden deaths have brought Mr. and Mrs. Gaddis much sadness and they have the sympathy of their many friends here.

CELEBRATING 77TH BIRTHDAY

Mrs. S. B. Davis, one of the pioneer residents of Las Vegas, is today celebrating her 77th birthday. She has been kindly remembered by a host of friends from all over the United States. Mrs. Davis is one of those who came to Las Vegas in 1865 and has called New Mexico her home since that time. The Optic voices the sentiments of her multitude of friends here in extending to her its best wishes for many happy returns of the day.

IMPROVED FARM IN OREGON

148 acres in one of the very best fruit growing sections of the state. 60 acres in apples, pears and cherries, all trees two years old commencing on third year, divided as follows: 15 acres in Newtowns; 15 acres in Spitzburgs; 15 acres in Jonathan; 5 acres in Baldwins; 5 acres in Royal Ann cherries and 6 acres in Cornice pears, the balance of the land is 40 acres in hay and grain; 32 acres pasture and fruit land, and 15 acres timber, consisting of oak, fir, pine and maple.

Improvements consist of a new, well constructed and painted four room house 26x26 feet and a new well constructed large barn, painted red. Both house and barn are built to last. Land is all fenced, and on the east line is a creek; there is a macadamized county road on the south, and there is also a fine graded private road for use of the five families living on the ranch, this tract being part of what was once a several hundred acre ranch.

Located only 2 1/2 miles from Brownsville, a live hustling, growing, town of 1600 population, located on a branch of the Southern Pacific. From Brownsville it is only 20 miles to Albany, the county seat, with a population of 8,000. Salem, the state capital, is 40 miles distant.

There is a school house on the ranch, also a telephone and rural free delivery.

The tract is west of the mountains, so that there is no need of irrigation. Brownsville's population is composed of an intelligent, progressive and enterprising class of people, in fact is recognized as being above the average.

The price is only \$75.00 per acre, and to anyone sufficiently interested I would advise that they look up prices upon other improved lands in this section of the country. Desert land under irrigation projects east of the mountains sells for \$350.00 with the sage brush on it.

On account of the influence of the Japan Current this section of the country is never affected by the cold; roses bloom all winter and small berries frequently ripen during the winter months.

Terms are one half cash, balance at 7 per cent.

For further information upon this or other lands in Oregon or Washington address, C. J. Hoke, Railway Exchange Building, Portland, Oregon.

Tony Faust Budwaiser beer is on tap at the Opera Bar and is one of the finest draft beers served over any bar in the city.

BOUCHER'S
THE COFFEE MAN

The Modern Method of Ironing Shirts

is the "press machine" method, the process we use in our laundry.

By this system your shirt bosoms are ironed without friction, motion, or undue wear from any cause. The shirt bosoms are placed upon the flat, softly padded ironing boards and presses against the steam heated ironing plate—being held there until ironed and dry.

There is no motion, so no stretching and no pulling of your shirts. They keep their shape better and wear longer. And our process gives a handsome domestic finish that even hand ironing cannot equal. Continued patronage will prove to you that we both make your linens look better and wear longer.
